47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need local providers that know the community. Big providers just gloss over specific local needs. Healthy competition is good for all.

Big providers force you to bundle services to get a good price. Most 1 or 2 person households only need a reliable internet and nothing else. I have a landline that I don't use but had no choice because the internet only came with the phone line.
